

CITY MATTERS.

Wheat is reported good in Northern Ohio. Mendelssohn Quintette Club at the Grand tonight. Bad colds are abundant. Good ones are mighty scarce. Maple sugar is abundant and sells at reasonable prices. Capt. Mattox's "Sam, the Scaramouch," is improving with each weekly issue. Business men seem to be popularizing art to good advantage, of late. Lack of advertising—on the part of business—sometimes brings adversity. D. H. Roche, general freight agent of the I. B. & W., has returned to Springfield. Mr. George Byers, of North Plum street, is very sick with neuralgia of the stomach. The street-corner young man should try church-going tomorrow, by way of a change. Robins have not reported at these headquarters. They are probably waiting for a thaw. Very interesting sketches of Grant will be found on the second page of today's Globe-Republic. A general meeting of the C. S. L. C. fraternity will be held in this city at an early day in May. Balm Spring is holding herself, coyly, at a distance. She isn't near enough so that one can smell her breath. Matt Young, an inmate of the county infirmary from Vienna, died yesterday, aged upward of eighty years. Our citizens should buy their supplies of local dealers. Those who do not will be sure to "go further and fare worse." Harry Froitzman left for Cincinnati this morning for a short visit with friends in that city. He will be gone until Tuesday. Our leading business men—the solid representatives of their lines of trade—are making a fine display of their announcements in the Globe-Republic. Our advertisements should always be read. There is in them much really good and interesting reading matter. Our readers, however, have already discovered this. Madam Geise, soloist, with the Mendelssohn Quintette Club at the Grand Opera House tonight, has made a reputation in Europe scarcely second to the great Nilsson. It is to be hoped that the Salvation Army people will capture the outputs of the enemy that guard the street corners tomorrow. If they do this they will be entitled to the thanks of the public. Mr. Ryan, manager of the Mendelssohn Quintette Club, informs us that he has, without doubt, the finest musicians this season of any since the inception of the organization, thirty-five years ago. Our people should not miss this fine musical treat at the Grand tonight. Carrie B. Binkley, by her attorney, J. K. Mower, has brought suit for divorce from Daniel F. Binkley. He is accused of adultery, failure to provide, etc. He is an insurance agent. Plaintiff further asks custody of child and allowance of reasonable alimony. There will be a large and select audience at the Grand this evening to hear that greatest of all musical organizations, the Mendelssohn Quintette Club of Boston. The low price of 50 cents admission for such an entertainment is something new, but the management being determined to meet the present financial pressure have made admission to all parts of the house as above. Twenty-eight ladies and gentlemen from this city attended the Scottish rite reception in Dayton last evening. Over 350 persons sat down to the superb banquet, and in many particulars the affair was the most elaborate and splendid of the series held. Many other cities outside of Dayton were represented. A full band furnished the music, and a portion of the work in one degree was rendered with all the paraphernalia, in grand style. Thursday afternoon while Mr. William Houck was driving along West Main street his horse took fright at a heap of stones at the side of the road and started to run. Before he could stop they had run the horse against a post, throwing him out but inflicting no serious injuries. Scarcely had he struck the ground before Billy was up again and had the horse by the head, soon bringing them under control once more. It was a piece of great good luck that the consequences of the mishap were not more serious. The Bellefontaine Woolen Mills, owned by John F. Miller and Frank J. Scarff, were burned to the first story at 3 o'clock Friday morning. The fire originated in the picking room on the second floor. The loss is estimated at \$25,000. Insured on building, stock and machinery for \$26,500. The mills were formerly owned in part and were managed by Capt. J. H. Robinson, of this city, who sold to the present proprietors about a year ago or more. Parties in this county hold a mortgage on the property, secured by the insurance policies. Transfers of Real Estate. Philip F. Fish to William Pimlott, lot on Maiden lane \$500. Alice M. Chaffter to George W. Kohler, lot in Tremont \$500. A. V. Sykes to Edward Sykes, lot on South Limestone street \$2,500. W. B. Baker, sheriff, to Dorothy Zoller, lot on Synonema street \$500. Dorothy Zoller to W. W. Diehl, lot on Synonema street \$10. C. Clark to A. A. Baker, lot in Diber's addition \$248.85. A little difficulty has appeared in the way of fixing up our ball grounds. It seems that Mr. John G. Dalie, who owns a part of the ground enclosed within the fence, objects to having a certain little hill which is on his property scraped and leveled off, and threatens a suit if it is done without his consent. It would put Mr. Dalie to no small inconvenience to undo the results of the leveling process when he wishes to use the lot for building purposes, and, moreover, he has received no recompense for the use of the ground last year. Our readers are far behind the times if they have not taken a whiff from the celebated Richmond Straight Cut Cigarettes.

Extra fine hand-sewed and turned French Kid Shoes, of the famous Laird, Scholer & Mitchell make—the finest in the world. Elegantly constructed of the choicest materials, handsome and perfect fitting. A full line just opened. The tastefully beaded Slippers for Ladies which we have taken much pride in handling because of their graceful shape and beauty of ornamentation, will still be found in our stock. They are made of the finest quality of French kid, the beads in design on the upper being of polished steel. Misses' fine Shoes have been as much a specialty with us as Ladies', and we are now showing a dainty hand-turned French kid dress shoe for Misses that was never surpassed. They are from the factories of Hough & Ford, and are real beauties.

HENRY WARD BEECHER'S BROTHER.

The Rev. Henry Ward Beecher has three brothers living. One of these is the Rev. Charles Beecher, known as the writer of some of the most quaint and touching hymns in the English language. Another is the Rev. Edward Beecher, a profound theologian, far advanced in years, and living in Brooklyn, where he preaches from time to time. A third brother is the Rev. William Henry Beecher, who is spending the serene years of a mellow old age at his home, 6 Monroe street, Chicago. Mr. Beecher is 84 years old, and with the exception of the natural infirmities of age, is a hearty and vigorous old gentleman. A gentleman who recently visited Mr. Beecher at his home, found him in an exceedingly genial frame of mind and by no means indisposed to talk about the relief he had obtained from the rheumatism, which for many years had been a source of trouble to him. In reply to a question, the venerable gentleman remarked, "Why, you want to know about Athrophos. It is the greatest medicine in the world for rheumatism. I had suffered with that disease for fifteen years. My hands and my joints were swollen. I had much pain, and many sleepless nights. It took my pain away, and gave me power to sleep. Do not understand me to say that my rheumatism is all gone. It would be a miracle if rheumatism could be entirely driven away from an old man like me, who has had it for years. I have some of it left, and occasionally I feel its pains. Then I take more Athrophos, and the pains are driven away. Even if it can't entirely drive out the cause of pain from a man who has had it so long, it takes the pain away, and that is a great deal. Sometimes I had frightful pains at night, before going to bed. Then I would take a dose of Athrophos, and I soon find the pain all gone, so that I could enjoy a calm and refreshing night's rest. "I believe Athrophos will cure chronic rheumatism. I know that it is saying a great deal for it, but I say it. A tough old case of rheumatism like mine is very hard to cure, I know. But see my hands; they are no longer swollen as they were. I am free from the pains I used to have. I sleep well, and what more can an old man of 84 ask for?"

Mr. Beecher's daughter cheerfully confirmed what her father had said, and gave her testimony to the great advantages he had received from the use of Athrophos. For a number of years, Mr. C. L. Wetmore, of the well known wholesale clothing house of Messrs. Thompson & Wetmore, 151 & 153 Fifth Ave., Chicago, was greatly afflicted with rheumatism, which interfered not only with his personal comfort, but also with his ability to attend to business. He is now well.

Calling on Mr. Wetmore, at his store on Fifth avenue, the gentleman, found him willing to converse as to his experience in regard to rheumatism. "I am told," Mr. Wetmore, that you get rid of your rheumatism by the help of Athrophos. Is that true?" "Well, I had been for a long while troubled with rheumatism, and I had tried almost everything in the line of medicine. I may fairly say that Athrophos finished the rheumatism, and finally overcame it. Some of the other remedies had given me relief, which proved only temporary and incomplete. But it was not so with the Athrophos. Since I have taken it I find that I have no more rheumatic pains, either to annoy me by day, or to interfere with my sleep by night. My rheumatism was at times very severe. All my joints were swollen, and were very painful. I was detained at home sometimes as much as a month at a time, suffering acutely and unable to attend to business. Now that Athrophos has finished the rheumatism, I am happy to say that my sleep is good, my appetite is regular, and healthy, and I am every day attending to business."

If you cannot get Athrophos of your druggist, we will send it express paid, on receipt of regular order, one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us, as directed, Athrophos Co., 113 Wall Street, New York.

they know all about Mustang Liniment. Few do. Not to know is not to have.

Job's Jump.

The papers have noted the removal under queer circumstances, from Calawita, this county, of Squire Wm. Jobe, leaving a large circle of sadly mourning friends and creditors. This morning County Clerk J. H. Rabbits received the following, postmarked at Hartford City, Indiana, April 10:

April 8, 1885.

Mr. Henry Rabbits—I hereby and here-with tender my resignation as Justice of the Peace of Pleasant township, Clark county, State of Ohio, to take effect at once. To Henry Rabbits, Clerk of Courts, Clark county, State of Ohio.

Strictly formal, but at the same time rather superfluous. The same amount of resignation doesn't exist among William's numerous creditors. The Clifton avenue church expects to receive several persons to its fellowship tomorrow at the forenoon service. An interesting meeting will be enjoyed and the members of the congregation are urged to be present to participate in the ceremony. All will be welcomed on this occasion.

The American Manufacture Leads.

"LINCOLN," a remarkably durable article for a floor covering, has now reached such a perfection of manufacture in this country as to be superior to that of any foreign make. The importation of the best article manufactured in England has been abandoned, and only the inferior grades now find a market here. In fact, the American manufacturer has now how to cater to the tastes of our people and the requirements of our climate. While the best carpet cloths, shortly after being placed on the floor, will look dirty and dingy, our own make will appear bright, clean and pleasing. All carpet dealers keep it.

SPRING BEAUTIES FINE SHOES.

For Men, our stock of fine hand-sewed light weight Shoes for Spring and Summer wear is unsurpassed, and embraces all desirable styles in Kangaroo, French Calf, Patent Leather and Kid. In this department of our trade we are almost entirely without competition, our stock being nearly or quite equal in quality to our own custom work.

Starting Mortality from Pneumonia. Three hundred and eighty-six (386) deaths in New York City during sixteen days from this terrible disease. Pure spirits are universally acknowledged to be one of the greatest assistants to rapid recuperation; in fact, many great cures are recorded where pure stimulants have been the only remedy employed. Dr. F. W. MALT'S WHISKY is recommended by leading physicians as the best remedy in severe cases of pneumonia, diphtheria, and all pulmonary complaints, as it is absolutely pure and unadulterated, and entirely free from even the least trace of injurious poisons. It is a medicine and beverage combined. One dollar per bottle. Sold by all first-class grocers and druggists.

WANTED. These recruits are known to many, but if any fail to know them, we say give them a trial and you'll see no others. They far excel all others in strength and uniformity of quality, and the best dealers sell them here and elsewhere.

DR. CARPENTER'S CALCULI RESOLVENT

VALUABLE DISCOVERY!

Bright's Disease, Gravel, and all Liver and Kidney Diseases.

as result of Catechol or Stone, composed of carbonates of lime and magnesia, etc., precipitated in the urinary organs by the stimulation of the carbonic acid gas from our drinking water and vegetables, which contain these carbonates in large quantities.

Uterine inflammation and other diseases of females have the same separating cause. Calculi also form in the Hepatic Duct causing derangement of the Liver and introducing a train of Stomach diseases, as dyspepsia accompanied by sour stomach and impaired breath. Other results of Catechol are Pain in the Back and Limbs, Neuralgia, Rheumatism, and General Lassitude, accompanied by derangement of the vital and secretory organs.

These Calculi are the same with the addition of uric acid as the deposits found in every kidney. Calculi Resolvent dissolves and causes them to pass away in fine particles without injury to the organs themselves, and cures the resultant diseases, a result long sought by medical science, but never before attained.
